

June 16, 2009

**TUCKAHOE SIGN AND AWNING BOARD**  
**TUCKAHOE VILLAGE HALL – 2:30 pm**

<b>Present:</b>	Chairperson	Ann Marie Ciaramella
	Member	Nicole Pushkal
	Member	Barbara Nieminen

**Also in Attendance:** Bill Williams Building Inspector

**Item #1 Approval of Minutes – May 19, 2009**

**Item #2 199 Marbledale Road Wall Mounted Sign**

**Item #3 14 Fisher Avenue Wall Mounted Sign**

**Item #1 Approval of Minutes – May 19, 2009**

**A motioned by Member Nieminen to approve the minutes of May 19, 2009 meeting was second by Member Pushkal and unanimously carried by the Board with a vote of 2-0. (Chairwoman Ciaramella abstained)**

**Item #2 199 Marbledale Road Wall Mounted Sign**

Vincent Otto of San Signs, representing Stoffel Polygon Systems, proposed a wall mounted sign to be made of waterjet cut aluminum, water resistant, pin letterings, color of logo is red and lettering is white. 3 ¾ inch high and ¼ inch thick, pinned ¼ inch away from the wall giving a 3 dimensional look. Chairwoman Ciaramella asked if it would be a problem in terms of weathering having the space between the wall and letters. Mr. Otto responded that it would actually be better allowing any water to flow between the areas. An aluminum spacer is used to cover the nails which will not be noticeable.

**A motion was made to accept the application as submitted for 199 Marbledale Road, by Member Pushkal, seconded by Member Nieminen and unanimously carried by the board with a vote of 3-0.**

**Member Nieminen asked if it was intentional that the “P” in Polygon is a small cap and the “S” in Stoffel and Systems are large caps. Mr. Otto responded it appears that way.**

**Item #3 14 Fisher Avenue Wall Mounted Sign**

Vincent Otto, of San Signs, representing Crestwood Shoe Repair, presented an application for Crestwood Shoe Repair. Chairwoman Ciaramella noted that the sign looked large and busy and that it needs to be clarified for sizes: height of letters, size of sign, etc. Chairwoman Ciaramella also asked if the owner is willing to accept a change. Mr. Otto responded positively. Member Nieminen suggested that the words within the white border should be reduced by 5%.

Discussion took place regarding the façade of the building and the area around where the sign is to be mounted. Suggestions were made to clean area around the sign to match the store front window frame.

**Member Nieminen motioned to accept the application with the exception of the art work within the white border will be reduced by 5% and the background where sign is to mounted will be cleaned up and match the window frame, seconded by Member Pushkal and unanimously carried by the board with a vote of 3-0.**

**The board requested that San Sign email a revised drawing with the 5% reduction and with all measurement be included.**

**The next meeting will be held on July 21, 2009 at 2:30pm**

**There being no further comments from the public or business before the Board, upon motion duly made, seconded and unanimously carried, the meeting was adjourned at 2:55 pm.**
