Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information			
Name of Action or Project:			
Project Location (describe, and attach a location map):			
Brief Description of Proposed Action:			
Name of Applicant or Sponsor:		Telephone:	
		E-Mail:	
Address:			
City/PO:		State:	Zip Code:
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.			NO <input type="checkbox"/>
			YES <input type="checkbox"/>
2. Does the proposed action require a permit, approval or funding from any other governmental Agency? If Yes, list agency(s) name and permit or approval:			NO <input type="checkbox"/>
			YES <input type="checkbox"/>
3.a. Total acreage of the site of the proposed action? _____ acres			
b. Total acreage to be physically disturbed? _____ acres			
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? _____ acres			
4. Check all land uses that occur on, adjoining and near the proposed action.			
<input type="checkbox"/> Urban <input type="checkbox"/> Rural (non-agriculture) <input type="checkbox"/> Industrial <input type="checkbox"/> Commercial <input type="checkbox"/> Residential (suburban)			
<input type="checkbox"/> Forest <input type="checkbox"/> Agriculture <input type="checkbox"/> Aquatic <input type="checkbox"/> Other (specify): _____			
<input type="checkbox"/> Parkland			

18. Does the proposed action include construction or other activities that result in the impoundment of water or other liquids (e.g. retention pond, waste lagoon, dam)? If Yes, explain purpose and size: _____ _____	NO	YES
	<input type="checkbox"/>	<input type="checkbox"/>
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility? If Yes, describe: _____ _____	NO	YES
	<input type="checkbox"/>	<input type="checkbox"/>
20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe: _____ _____	NO	YES
	<input type="checkbox"/>	<input type="checkbox"/>
I AFFIRM THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE		
Applicant/sponsor name: _____ Date: _____		
Signature: _____		

Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing: a. public / private water supplies? b. public / private wastewater treatment utilities?	<input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input type="checkbox"/>	<input type="checkbox"/>

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input type="checkbox"/>	<input type="checkbox"/>

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

**THE ABOVE INSPECTIONS DOES NOT INCLUDE SPECIAL INSPECTIONS
THAT MAY BE REQUIRED**

NO WORK TO BE PERFORMED ON SUNDAY AND/OR HOLIDAYS

Village of Tuckahoe
Building Department
65 Main Street
Tuckahoe, NY 10707
(914) 231-0238
FAX: (914) 793-2107

Information to be Submitted With Your Building Permit,

1. A Copy of the Contractor's Westchester County Home Improvement License.
2. A copy of the contractor's Liability Insurance Form Listing The Village of Tuckahoe as additionally Insured and as Certificate Holder
3. A copy of the Contractor's Worker's Compensation Insurance Form (C-105.2) listing The Village of Tuckahoe as Certificate Holder
4. A copy of the Disability Insurance Form (DB-120.1) or the NYS Waiver
5. 3 sets of plans signed and sealed by an architect or engineer.

NOTE: Acceptable plan size is 24 X 36 or larger.

** Also, be prepared to supply the Building Department with a copy of your new survey after work is done when filing your Certificate of Occupancy/Completion Application.

DRAWING SPECIFICATIONS

- Site location map, showing the general location of the property within the Village of Tuckahoe (required for all applications)
- Current property survey, prepared and certified by a Land Surveyor licensed in the State of New York (required for all applications involving a change to the site plan -- e.g., increase/decrease in building footprint, increase in paved surfaces, addition of accessory structure, etc.)
- Proposed site plan drawing(s), based on and citing the certified property survey, showing:
 - required, existing and proposed zoning setbacks
 - existing and proposed structures
 - dimensions
 - existing and proposed contours at maximum 2-foot intervals, extended at least 10 feet into adjoining properties and to the center line of any adjacent street
 - elevation of the existing grade at the four or more principal building corners
 - elevation of the proposed grade at the four or more principal building corners
 - proposed storm water management plan including drainage calculations. Stormwater facilities must be provided to accommodate any net increase in impervious surfaces on the site based on zero increase in the rate of discharge for the site and designed for a 50-year storm event (7.5 inches of rainfall)
 - proposed sediment and erosion control plan
- Proposed floor plans
- Gross floor area (GFA) plan clearly showing the gross floor area of each story of the building. (required for both new construction and additions)
- Proposed building elevations, including:
 - proposed materials and finishes
 - dimensions
 - elevation of the principal eave, based on a surveyed bench mark
 - elevation of the highest ridge line, based on a surveyed bench mark
- Construction details, including all retaining walls over 2 feet high
- All plans for applications for construction of commercial structures must include a certification that the structure meets the requirements of the New York State Energy Conservation Construction Code.
- Electrical, plumbing, HVAC and fire suppression/alarm system schematics (hard-wired fire alarm systems must be installed in accordance with the New York State Building Code).

Note: Certain items noted above may be waived depending on the scope of proposed work.
